This program is not subject to the Public Health System Reporting Requirements.

This program is subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs as implemented by 45 CFR part 100. Executive Order 12372 allows States the option of setting up a system to review applications from within their States under certain Federal programs. The application kit, to be made available under this notice, will contain a listing of States which have chosen to set up a review system and will provide a single point of contact (SPOC) in the States for that review. Applicants (other than federally recognized Indian tribal governments) should contact their State SPOC as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the appropriate application deadline date. The BPHC does not guarantee that it will accommodate or explain its response to State process recommendations received after the due date.
